*Bridging Our Community*

## The Mission

The North Manchester Chamber of Commerce, incorporated in 1948, is a voluntary organization of businesses and professionals that serves to facilitate the growth and promotion of its members, supporting them through education, training and advocacy.

The Chamber serves as a community leader, fostering projects and programs that promote the economic health, welfare and development of business in the North Manchester area.

As a community leader, the Chamber of Commerce acts as a conduit through which other organizations and people can coordinate and improve the economic vitality with the North Manchester area.

The Chamber of Commerce works to promote its member businesses. One means of such promotion is through ceremonial ribbon cuttings, celebrating the opening or new location of an area business.

In order to carry out its mission, the Chamber of Commerce works from a set of measurable goals and objectives, established by the Board Directors, that are designed to meet the needs of segments of the community and the membership which it serves.

Support your community by joining the North Manchester Chamber of Commerce.
